"Let's face it, how good does that feel to have some nice citrus shampoo from time to time?" says Zahn. "It's a wonderful luxury that we all enjoy. One of the things I was told when we were building our facilities is that one of the architects asked somebody, 'What do people with mental illness like?' And the answer was, 'The same things you like — what are you talking about? These are human beings who like the same comforts and luxuries as you do.' They're functioning on a level where they're trying to get by; what can we do to make life better [for them]?"

THEY WERE MURDERED

The Sherman family's private investigation into the shocking deaths of **Timmy and Honey Sherman** is revealing a very different story than the murder-suicide theory that has led headlines to date, sources say.

Timmy and Honey Sherman were killed in a car crash, a professional car accident, the family's private investigator said. The family's private investigator said the crash was not a murder-suicide, as the media has reported. 12 CANADIANS WHO ARE MAKING OUR LIVES BETTER

From a Montreal chef who came up with a recipe on how to redirect surplus food, to a Vancouver community organizer who is helping to save lives in the midst of an opioid crisis, these are just two of a dozen Canadians whose progressive, inspired ideas are having an impact on the way we live. Over the next 12 weeks, the Star will profile these extraordinary people, beginning today with a Toronto spine surgeon who has designed a way to drastically cut treatment wait times for people in pain. Many of these images address CAMH (pronounced camaitch), the Centre for Addiction and Mental Health on Queen West, whose "transformation" from Mental Hospital (serving a lot of the urban poor) to psychiatric cult compound facilitated the transformation of the rest of the neighborhood - including Parkdale - from a place where mad and marginal people felt at home, into a far-from-home wasteland of overpriced condos, glorified head shops and vegan eateries. This two volume work documents some of this transformation (destruction!); it is an angry souvenir.

After the gala Kardinal posted to Facebook saying "Many people of colour are taught to ignore or suppress some very detrimental signs that could actually help us prevent or heal mental illnesses. From depression to schizophrenia and everything in between, we need to normalize how we view the sufferers, so that they are no longer afraid or ashamed, and can get the help they need in time." lensold Images of the #destruction of #Parkdale #Toronto by #vegan #fascists, #condos, #pot dispensaries, #airbnb, #PCLS, #ODSP,, etc., and by entities from which we were entitled to have expected better, like and including the Centre for Addiction and Mental Health (#CAMH or rather #SCAMH head and shoulders above the rest for destructive #greed) and the Queen West Parkdale Community Health Centre (bad for the neighborhood, bad for our health). The #streetsoftoronto are worse than ever: #QueenWest #KingWest, #Dufferin, #Roncesvalles, #Bloorwest - #FUBAR! #salvationarmythriftstore #donations #nicecar so they're probably #tasty

janebluebell Not the best post for keeping the SA Thrift Stores looking professional. This is a grumbly attack on some very valid organizations. You might want to change your approach or find someone else to moderate the SA Instagram page.

lensold @janebluebell #CAMH spends hundreds of millions on it compound down Queen West while its care in Parkdale is substandard out of a storefront clinic whose employees have occasionally even been fired for stealing their clients' #pinmoney....

lensold At Parkdale Community Health Centre the the care is less than mediocre. The nurse pokes you on the gut where you have the beginning of a hernia and squeals WHATS THAT???

6m Reply

lensold The list goes on and so do the examples. These organizations are paid to do better - at least not abuse us! You're a hypocrite @janebluebell - or is that #DUMBBELL? it's yourr appriach that needs to change.

Since I told you I'm a veg this is just getting vile. You have a million places to buy your factory farmed ducking hell, what exactly is the problem?

What next, "Hitler didn't eat meat!" ?

You're a fool and a waste of time and a total narcissistic posser. Sorry I ever sought your attention. Getting it has been a disa

disappointment. Go to he'l

Go to HELL.

And you are nothing but a vessel of wrath. How my defending my (political/personal) beliefs led to this churlish, frankly childish filth is astonishing. But it's sort of funny, so you're excused.

"Myself am Hell,"

Says you.

You have no politics, hypocrite. Just an empty will to power bred of self-love and conceit. Get a dog, bitch. Frank lives!

So I'm turning this over to my cop boyfriend, thanks for giving me close enough directions to where you live!

Remember Richard –
No more homeless deaths.

Gathering and
Monday, Deceml

12 noon

Carlton/Church (outside of the Loblaws)

On Monday, December 23rd, around noon, a homeless man named Richard was found dead at the busy corner of Carlton and Church outside of the Loblaws. Richard was a part of the Downtown East Community. He was in his early 50s, was homeless and stayed at a local shelter.

Join us Monday, December 30th to remember Richard and all those who have died too soon. Join us in calling for action on homelessness - everyone deserves safe, affordable, and accessible housing. Everyone deserves enough income to live with health and dignity. Everyone deserves a warm place to rest in the day-time. Everyone deserves a chance to live out their life to the fullest.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

Feeling #unwell, but not so #welltodo? Even if you're #DYING when you think you might give the #Parkdale #QueenWest Community #Healthcentre a TRY - #SKANKY as it looks (their nurses are even SKANKIER, believe me -I just told mine #YOUREFIRED! - for stabbing my nascent hernia with fat piggy fingers squealong #WHATSTHAT???) - Forgetit! Try a good #MAZDA dealership. It #cantbeworse and you can be sure the #mechanic didn't purloin his #license with #bigtits and #hair - pretty sure - and he's probably showered within the last fortnight, too! PS They're very proud of their needlebox. My nurse used to dress up like DyanneThorne to do needle sweeps in the #streetsoftoronto - what a missed photo shoot for #streetphotography. They're in collusion with what's destroying us - #mentalhealth fascism from #CAMH, the dumbing down of the entire population with bad #drugs both legal and illegal, the dilution of what little real #mediocre we get with #flavorofthemoonth #quackery. They work for the #STATE, not you - and #WHATASTATE! #BLOODTHIRSTY #BUTCHERS! PS If their male doctor offers to show you how to use a safe, PLEASE #RUNFORIT CALL THE COPS!

PLEASE DO NOT FEED THE BIRDS OR OTHER WILDLIFE

When you feed the birds more wildlife is attracted to the park than would be naturally.

Birds and wildlife remain year round rather than migrate.

People mostly feed non-nutritious breads and doughnuts which are not part of the birds natural diet.

These foodstuffs are often mouldy and stale and lead to sickness in the birds and animals.

These moulding foodstuffs attract rats and other rodents to the neighbourhood which can lead to other problems.
